

Due date: November 20th, 2022

For your second final assessment, you have been working in groups of 4-5 students to carry out a self-directed learning project. Note that you have been working on this project since week 2 by completing the "Final Presentation Milestones". Your goal for the project was to select a topic that your group wanted to learn about, create a learning plan as a group, implement the learning plan, create a video lesson that teaches your group's topic to the rest of your classmates, evaluate and reflect on the overall experience.

The milestones for this project were as follows:

- Week 2: Milestone 1 (Planning) - Determine your group members, pick your topic, set your specific learning goals, and create a group learning plan that distributes responsibilities to different group members.
- Week 3: Milestone 2 (Monitoring) - Carry out your learning plan and monitor your progress.
- Week 4: Milestone 3 (Evaluation 1) - Create your video lesson on your chosen topic.
- Week 5: Milestone 4 (Evaluation 2) - Evaluate the quality of your learning, and reflect on the group learning experience.

Milestone 4 InstructionsSelf-Evaluation Directions

Your learning self-evaluation should answer the following questions:

- How well did you achieve your learning goals?
- How satisfied are you with the final video lesson that your group produced?
- How effective was the learning plan that you created for Milestone 1? Did you end up deviating from the plan? If so, in what ways?
- When learning, what did you do that worked well, and what did you do that didn't work well?
- What should you do differently next time when learning a new topic? What should you do the same?

Group Learning Experience Reflection

Use Gibbs' Reflective Cycle to reflect on your experience of working in a group to complete this project. Remember to include all 6 steps of Gibbs' Cycle: Description, Feelings, Evaluation, Analysis, Conclusion, and Action Plan.

Submission

You will need to submit the following by the deadline (November 20th, 2022):

- Your group learning plan (for Milestone 1)
- A video lesson on your SDL topic (for Milestone 3)

- Your Learning self-evaluation (for Milestone 4)
- Your group learning experience reflection (for Milestone 4)

Please create one pdf with all four components of the submission, and submit it on Gradescope. For the video, you can upload the video to Youtube (please make it "Unlisted") and include the link in your submission. Once you have uploaded your submission to Gradescope, please also upload it to the Woolf platform.
